

IPS College of Technology & Management

Department of CSE/IT

NOTICE

We are glad to inform you that IPS-CTM is going to be a venue partner for Gwalior Salesforce Developer User Group Meetup. As Salesforce.com (A Giant company at Cloud Platform) is socially committed to provide free knowledge to students about latest technologies in the field of IT Sector (Especially at Cloud Platform), Under this vision our institute is going to host their regular meetups in Gwalior region. In this Sequence, First meetup will be held on **Nov 5, 2016**. This will enhance the skills of students as per the need of industries as many experts from various reputed MNCs will come here to deliver practical workshops on latest technologies at Cloud Platform.

Benefits

- This will improve the industry interface of students as well as institutes. Students will get the chance to have one to one interaction with experts from various reputed MNCs like Adobe, Salesforce, Yahoo, etc.
- Opportunities to learn latest technologies like IOT cloud, Heroku, Salesforce Sales Cloud, Salesforce Analytics Cloud, Force.com, Salesforce Einstein etc.
- After having enough knowledge, Students can work as a freelancers for various projects.
- **This workshop is totally Free of Cost. Only you have to bring your laptop.**

Who Can Attend

- It will be beneficial for the students of BE (CSE/IT) or BCA.
- Students of other streams may also join if they want to learn how to work on cloud platform as there is no need of prerequisite programming skills.
