WORKSHOP INTRODUCTION

Sport Science is an art as well as a science that has grown in volumes over the years due to ongoing Projects and Research all over the world. As a result of these efforts new trends and unknown areas are unfolded. Sports professionals, coaches, Physical Education trainers are required to update themselves on latest trends in innovation and developments.

Keeping this in mind Institute of Professional Studies, college of Physical Education has planned his organized seven days workshop to provide wide range of interesting topics in the field of Sports, Physical Science and Physical Education. Through theoretical as well as practical sessions reputed experts and resource persons who are recognized in their respective fields will be discussing, demonstrating and delivering important inputs.

Professional engaged in sports and games, coaching, training in Physical Education are invited to take benefit from this unique opportunity to upgrade their skill and knowledge.

OBJECTIVES OF THE WORKSHOP

1. To disseminate most advanced coaching regulations, techniques being adopted in different sports discipline.
2. To develop better understanding of the difference between coaching and teaching.
3. To update on the essential qualities of a good coach specially in the emerging competitive world of sports.
4. To learn new skills associated with coaching in different disciplines.
5. To get relevant reading materials on coaching as well as physical education.

DATE & DURATION
