

Report on Technical Visit of CSMT(BSF) Tekanpur, 2023

INTRODUCTION:

Department of Mechanical Engineering conducted a technical visit to **CENTRAL SCHOOL OF MOTOR TRANSPORT (CSMT) TEKANPUR GWALIOR on 2nd May, 2023**. The visit was focused to make our students familiar with the working of latest technology and its maintenances in Automobile engines. At CSMT workshop, functioning of engine used to be explained by various cut section of engine part. CSMT provide the training to BSF personal and students as well in the field of Automobile. Total 25 Students of ME branch along with Two Faculty members have visited the workshop.

Faculty Coordinator: Mr. R.P SINGH & Mr. Sudhir Sharma

OBJECTIVE

The objective of this seminar was

- To make our students familiar with latest driving trends and technologies in the field of Automobile.
- To enrich practical knowledge of our students in automobile repairing and maintenance work.
- To make aware our students about the industrial requirements and expectations from technical students in automobile sector.
- To Ignite the minds of students for new ideas in automobile field
- To Expose the students for defense career.
- To Inculcate & exposed the discipline environment of BSF.

LEARNING OUTCOMES

The Students are got benefitted in many ways like

- Students experienced to understand the real role of CSMT.
- Students learned about advancement taken place in Automobile sector.
- Students understood the working of engine by observing the working of cut section.
- Students learned how to do the basic automobile maintenances and other safety aspect.

ABOUT CSMT

Central School of Motor Transport - CSMT was established in 1963. The workshop & campus is situated in B.S.F. Academy, Tekanpur Gwalior, Madhya Pradesh, India.
